

Religious Education

Vision

At Shinewater School, we value the holistic development of every child. We recognise the importance of ensuring that all children have opportunities to grow their spiritual, moral, social and cultural conscience. Effective Religious Education teaching and learning opportunities can nurture children to become aware of the world around them and develop an enthusiasm to actively engage in the local and wider community. Religious Education supports children to become well-rounded citizens who have developed a sense of identity, understand the importance of belonging and value difference.

Religious Education at Shinewater

Opportunities to connect with each other and understand that we are all unique is what makes Shinewater a special place. Religious Education lessons are taught in three-day blocks each full term. During the three-day sessions, children work alongside peers from their phase and are provided with unique opportunities to explore a range of religions and worldviews. They are encouraged to ask and consider challenging questions, reflect upon similarities and differences between religions, think about how they lead their lives and consider how they contribute positively to the lives of those around them.

Religious Education is taught on a two-year cycle, which allows for world religions and concepts to be explored in depth.

Key Stage 1 explore Christianity and Judaism.

Key Stage 2 explore Christianity, Islam, Buddhism, Sikhism and Hinduism.

Children enjoy immersing themselves in learning whether it be creating diya lamps from clay, inviting a leader of faith to visit, getting out into the community and visiting places of worship, exploring why people express faith in particular ways and considering how they express themselves or studying religion and art.

Children have ownership over how they would like to present their learning. Each year group has their own Religious Education reflection book, which showcases all their wonderful learning throughout their time at Shinewater School.

- A Beliefs and teachings
- B Practices and ways of life
- C Expressing meaning
- D Identity, diversity and belonging
- E Meaning, purpose and truth
- F Values and commitments

Cycle A
